

Annapurna Base Camp Trek

Annapurna Base Camp Trek

This is one of the most beautiful treks that combine easy walking with majestic scenery and a mix of cultures unmatched by any other treks in Nepal. The trail starts from lowland villages and rice terraces deep into the Annapurna Himal. As you gradually climb uphill, the peaks of Annapurna south and Hiunchuli emerge from behind the foothills. Pastures and cultivated fields soon give way to deep forests of oak, bamboo and rhododendron. The trail finally stumbles across moraines and reaches Annapurna Sanctuary from where you will see undeniably beautiful and unimaginable 360 degree views of the Annapurna mountain ranges
